## Ada Men Suggest Lines For City Improvements

### MANY DISAGREE ON CITY NEEDS

Paved Streets and Bridge  
Mentioned by Several  
Local Men.

What is Ada's greatest need?  
Some believe one thing, other another. So many things are greatly needed that some people are at loss to decide, while taking the selections of those who did decide it would be found that there is room for much improvement here.

Local citizens were asked this question and below will be found the answers given by them. It is hoped that the attention of Ada citizens will be directed to the more important things for this city by giving these opinions.

C. P. Penrose, Manager of the Ada Music Company. "We need a 'Moses' to lead us out of the wilderness and help us see light. A leader for this city would help more than anything else I believe to get the things we need most. The right man would be better for the city than any other thing."

J. U. Criswell, Member of the Criswell-Meyers Undertaking Establishment. "We need paved streets. Co-operation on the part of all citizens would help us get them. Other cities are paving and I don't see any reason why we shouldn't."

C. E. Cuning, Manager of the Dascomb-Daniels Lumber Co. "Our great need is paved streets. No city is built without paved streets and we will remain a small town so long as we do not have them."

O. N. Walker, Secretary of the Chamber of Commerce. "The city needs many things and needs them badly, but I believe one of the greatest needs is a community house. With the aid of a community house we would be able to get most of the other things."

T. B. Blake, Manager of the Ada Coca Cola Bottling Co. "I think we need a high water bridge across the South Canadian river more than anything else. That will open a chance for many other good needs to be secured by its worth to the city."

W. G. Moser, Proprietor of the Moser's Department Store. "Ada needs more industries. That would not only increase the number of salaried men in the city, but it would bring more capital here, more money to the laboring class, and primarily we need more money. Industries would get it."

### Keep Sane Fourth Is Warning Word From City Mayor

Mayor Kitchens announced today that he was instructing his policemen to keep a sharp watchout for anyone setting off fireworks in the business section of the town, July 4. This is necessary to guard against personal injury and fires, he said.

Children were seen carrying loads of fireworks home today in preparation for the big celebration on July Fourth. Decorations are becoming evident of the city and the "Glorious Fourth" will be appropriately observed in Ada. Local merchants announce that they will be closed Monday and those who do most of their shopping on that day are advised to do it today instead.

A ball game will be played here on the afternoon of the Fourth. Swimming pools, theatres and other amusement places will be open all day. Many Ada people are planning trips to other places where picnics and public celebrations are being held.

### PEACE RESOLUTION NOW ON ROAD TO HARDING

WASHINGTON, July 2.—The resolution ending the state of war with Germany and Austria, formally adopted yesterday by Congress started early today on its way to President Harding at the home of Senator Frelinghuysen at Raritan, N. J. The message is expected to reach Raritan shortly after noon.

### ROUTE IS PICKED FOR NEW HIGHWAY

Road Selected by Surveyor  
Adopted by Committee  
on Investigation.

Representatives of the Good Roads Motor club, Oklahoma Portland Cement company, and J. I. Laughlin, county commissioner, were in the Lawrence vicinity yesterday to select a route for the proposed Cotton Belt Highway, passing through the part of the county. According to a statement of N. B. Stall, one of the representatives of the Good Roads Motor club, the route selected by the county surveyor, leaving the old road at the Lawrence crossing and going around the right of the Fitzhugh hills, was approved.

It is believed this is the best route and work will be started on it at 8 o'clock Tuesday. Four men will be furnished by the club, two men with a drill will be furnished by the Cement company, and two trucks with drivers will be furnished by the county. It is expected with this force of men, work on the road will progress rapidly. Chat will be put on the rough places and proper drainage ditches will be built.

Work on part of the old road has been going on for some time and those who were in that part of the county yesterday stated that a great improvement had been made. With the co-operation of the Cement plant it is believed that this will be made one of the best stretches of road in the county.

### Errand Boy to Boss is Record of Local Man

"From office boy to manager." Not always in this "pure" fiction as it sounds. In this manner may be described the extraordinary record of M. O. Matthews, who in twelve years time has climbed from the bottom job to the manager's chair of the Oklahoma Portland Cement company here, one of the biggest business concerns of its kind in this part of the country.

Since the time when he first started his duties as "boy" and "flunkie" in the company's office, Matthews has held practically every job in the plant and is familiar with the factory from the raw materials store room to the manager's desk.

"I started in to learn the business and have absorbed at least some of it by sticking around all this time," Matthews said yesterday.

On the matter of his own phenomenal advance, the manager is quiet. It is only by talking of his business that the outsider can get a glimpse into the history of his head.

It was back in 1909 when Matthews walked into the office of the Oklahoma Portland Cement company, then nothing of the extensive plant that it now is, and asked for a job. He went to work at odds and ends and stuck with the task five weeks. Then he started his remarkable climb that took him to the inside of every phase of the cement manufacturing industry.

In January, 1918, he was placed in virtual charge of the big plant but it was not until January, 1920, that he became manager and in charge of all operations of the Oklahoma Portland Cement company.

something about this business. If he liked it, in twelve years to save his life"—this is the only explanation Matthews will give of his unique advancement record. "I just wanted to know it. And there is plenty to learn here to keep a fellow on the alert all of his natural life—and then he'd only be started," he said. But in this meager statement, Matthews conceals years of hard work and "sticking." He has lived in Ada practically all his life. His father, E. E. Matthews, who for some time was a professor in East Central Normal, left in 1911 for Enid where he established a music store.

M. O. Matthews married Miss Olive Kice, daughter of George L. Kice of this city, in 1915. At that time Mr. Kice was one of the officials in the company. The Oklahoma Portland Cement company was then under the management of Adam L. Beck and associates. In 1917 there was a change in ownership of the plant and Matthews was again promoted. He was made an official in the company when it was under the management of J. M. Wintersmith. When Mr. Wintersmith died early in 1918, Matthews became virtual head of the concern.

A Democratic Boss. He is thoroughly democratic. Years of labor with the plant has given him a genuine sympathy with every one of the scores of employees. When he is in the manager's swivel chair, he is at home. Then as he goes through the big mill where tons of raw materials are ground daily, he calls all employees, down to the most humble laborer, by their first names. With a slap on the back he establishes an intimate brotherhood with his workmen. With him they are

### \$18,000 LOSS IN FITZHUGH BLAZES

Fire Bugs Suspected as the  
Cause of Early Fire;  
Wires Down.

Fire which broke out at about 2:30 Friday morning at Fitzhugh completely destroyed the building and stock of the J. M. McDonald general merchandise store, with a loss of about \$15,000, damaged the telephone office and telephone poles and wire to the extent of about \$100, and burned some adjoining property, according to reports which reached here this morning.

Total loss from the fire was estimated at \$18,000, part of which was covered by insurance.

Although the cause of the fire is not known, incendiary is suspected. The only clue to its origin was a window which was found to have been removed from a rear window of the McDonald store and carried into the back yard some distance away. It is thought that someone may have entered through the window and ignited the building. Merchandise destroyed in the McDonald store was estimated at \$7,000 and the building at \$3,000. The building belonging to Mrs. Lee Smith, on the corner near the McDonald store, was somewhat damaged but a bucket brigade saved the building of W. E. Carr.

Telephone lines which were burned into and broken when two poles fell are being repaired and will be in operation again soon, it is reported.

Tonight and Sunday generally fair.

### CHAMPION DRAGS BLEEDING FRENCH CHALLENGER FROM RING AT FINISH

French Idol No Match for Heavier Fighter Who  
Batters Him Unmercifully About Small Ring;  
Gong Saves Georges at End of Third and Last  
Round Tells on Invader's Supreme Grit.

(By the Associated Press)

RING SIDE, Jersey City, July 2.—Georges Carpentier finished flat on his face, his legs and arms out stretched in fourth round. Jack Dempsey, world's heavyweight champion knocked him out a few seconds after the round opened, sending him heavily to the canvas with a short right hook to the Frenchman's chin. The actual time of fighting in the fourth round was one minute and sixteen seconds. Previous to the knockout Carpentier was floored with a left to body and a right to the chin. Carpentier took count of nine before springing to his feet where grim determined Dempsey measured him with punch to chin which ended the battle.

Dempsey stood over the fallen French idol until the count was finished and then tenderly picked up the bleeding and dazed Frenchman and dragged him to his corner. Dempsey gave Carpentier an unmerciful beating.

The crowd, which during the bout rose and sank in waves rippled from the ringside to the rim, stood in its place after the knockout. They cheered the conqueror but also cheered the vanquished. The Frenchman's supporters clung around his corner until he was revived and staggered from the ring—the battle of the century was over.

((By the Associated Press))

RINGSIDE, Jersey City, July 2.—Jack Dempsey re-established his claim to the world's heavyweight championship by knocking out Georges Carpentier the French challenger, in the fourth round here this afternoon.

Dempsey had an easy mastery of the ring throughout the brief battle, pounding the invader unmercifully early in the bout. At the end of round two, the American clearly had the better of the ring and from that time did not lose his superiority in the battle.

Carpentier was saved by the bell from being knocked out in the third round and the champion dealt his decision swing as the challenger entered the ring for the fourth.

The bout by rounds:

**They Weigh In**  
Carpentier entered the ring at 2:57 and two minutes later Dempsey came in. Benjamin Hayes, Jack Kearns, Mike Trand and Bernard Dempsey, the champion's brother, went to Dempsey's corner with Manager Kearns in charge. Desamps, Journee, Eddie LeDoux were in charge of Carpentier's corner. Weights were officially announced as follows: Carpentier, 172; Dempsey, 188. Tex Rickard crawled into the ring and warmly shook hands with both fighters.

**First Round**  
Carpentier landed a light left and clinched. Carpentier landed a right. They fought at close range and clinched. Dempsey sent a short with his left to the challenger's head. Carpentier missed with his right but connected with a left hook. Dempsey punished him, beating him unmercifully. Carpentier was groggy and bleeding at the nose. Dempsey missed with a right swing but beat Carpentier as they clinched. Carpentier fell through the ropes trying to avoid the punches. He flew into Dempsey as he crawled back into the ring.

**Second Round**  
Carpentier misses with his left and clinched. Carpentier backed away and Dempsey hooked him with a right to the jaw. Dempsey followed him, beating him around the head with rights. Carpentier fell short with a left hook but he staggered the champion with six rights and lefts to the jaw. Dempsey staggered and split the Frenchman's left eye with a hook. There was a cut under the eye. Carpentier missed with a right swing. Dempsey missed with a right swing. They each exchanged punches in a clinch as the bell rang. Dempsey had the better of the round.

**Third Round**  
Carpentier ducked a left hook.

Dempsey backed into the ropes and hit him with a short right. Carpentier landed two uppercuts to body in a clinch. As they clinched, Dempsey punished the invader in jaw punches and Carpentier nearly fell down when he missed a swing. They missed to head and Dempsey punished Carpentier viciously in close fighting. Dempsey landed left and right to head without return. They exchanged left hooks to jaw. Carpentier's right swing shot and Dempsey clubs him on the jaw with left hooks. Dempsey battered Carpentier into corner with rights and lefts at bell. Bell saved Carpentier from knockout.

**Round Four**  
Dempsey rushed Carpentier to the ropes and a left to the body made him wince. Carpentier landed right to head and tried to hang on. FLASH—Dempsey wins by knockout after flooring him a second before for the count of nine.

**Cloudy Weather Predicted**  
WASHINGTON, D. C., July 2.—Partly cloudy weather, a temperature of 80 to 85 degrees, and a good deal of humidity was the bureau's forecast this morning for the weather conditions around the Jersey City arena when Dempsey and Carpentier go into the ring today. Rain clouds developed early today through the territory to the north and coming south as far as New York City, but the bureau called (Continued on Page Six)

**Rebekahs Entertainment**  
Thursday night, unchaperoned and unannounced, the Rebekah Lodge made a surprise call on the Subordinate Lodge of Odd Fellows and with a bountiful supply of ice cream and cake served a repast which was much enjoyed by all present.  
The subordinate lodge had just closed an evening of strenuous work when the Rebekahs announced themselves. The doors of the hall were thrown open and a social hour was enjoyed. Some of the young ladies visiting furnished music after which a few short addresses were made. Members of the lodge tried to express their appreciation to the ladies and extended an invitation to them to call at any time.

## CITY INVITED TO MUSTER SERVICES

Officers and Mayor Will Speak Monday Night at City Hall.

Every citizen of Ada is invited to attend the mustering in of the Ada Battery "F" of the Oklahoma National Guard to be held at the City Hall, beginning at 8 o'clock Monday night in the presence of three army officers. Mayor Gary Kitchens and Col. "Patsy" O'Neal. Addresses will be made at this time by Col. O'Neal, Mayor Kitchens, Tom McKeown and others, it is reported.

A special order from the ordinance department confers the title of Captain to Robert S. Kerr and First Lieutenant to Herbert Felix of Battery "F." More than seventy recruits have been accepted up to date and others are becoming interested. Plans are on foot now to organize another battery in Ada if the Adjutant General approves the idea.

So much interest has been shown in the organization of the first battery that those who have been boosting it are confident that another one could be easily organized. This would make it possible to form a skeleton battalion in Ada. It was pointed out. A complete battalion armory would probably be furnished for this place if this is done, it is said.

In a telephone conversation with the Adjutant General today, it was learned that the time for the Ada battery's encampment will be about August 11, as this is the last date for summer encampments of artillery batteries. First steps to final organization will be taken Monday night.

So much interest is being shown in the organization of this battery that letters are being received from out of town people who desire information concerning enlistings. Two men from Muskogee were among those writing for information.

## Plea Is Made for Barley Malt Beer Before Committee

(By the Associated Press)  
WASHINGTON, July 16.—A plea for 2.75 per cent barley malt beer was made before the joint congressional committee on agriculture today by R. A. Jones, representing Minnesota grain dealers, and Charles Kenny, representing a Minnesota farm elevator association.  
Mr. Jones estimated that malt beer legislation would mean an addition of \$300,000,000 yearly to northwestern farmers and suggested a testing squad under the department of agriculture to establish the fact that 2.7 per cent beer is not intoxicating. Mr. Kenny, who comes from the district of Representative Volstead, author of the prohibition enforcement law, said he wanted barley beer legalized as it could be demonstrated to be non-intoxicating.

## Navy Enlistment Is Closed Except for Former Service Men

(By the Associated Press)  
WASHINGTON, July 16.—Recruiting for the navy is stopped except for old men who have been in the navy before. Only continuous service re-enlistments will be accepted. Reports for the last week indicated approximately six hundred re-enlistments received, while 346 new men were received before the order became effective. They will be the last men to get in until the number is reduced to the total of 106,000 approved by law.

## MANY LOCAL VETERANS HELPED BY RED CROSS

A tentative weekly report showing heavy activities being carried on by the Red Cross in Ada and Pontotoc county was submitted today by Mrs. Orville Snead, head of the local chapter.

During the last week she has filed six new claims for compensation to sick and disabled veterans of the world war. She has information already of three more who will see her next week. She secured in the same week two \$100 state bonuses. One former soldier has already gone to a hospital on Red Cross transportation and two others have their transportation but have not yet gone.

Beside the soldier relief work, Mrs. Snead says she is increasingly busy with charitable work. The Red Cross has furnished several typhoid patients with necessary furnishings and supplied, and through Mrs. Snead has investigated several more cases. According to Mrs. Snead typhoid is spreading and she has new calls almost every day for assistance in these cases.

Beginning next week a weekly report will be compiled by Mrs. Snead of all the operations and details of the Red Cross work in this county. There will also be published a monthly summary of this work.

## NEW ADDITION TO ADA TO BE MADE

N. B. Haney and M. O. Matthews are having the land just south of the cement plant laid out and lots marked. It is the intention to put this addition on sale, the name being Venture Hill. Streets have been and are being graded, including Nineteenth and Twentieth in addition to Eighteenth, the north boundary. Avenues are named Verde, Dundee and Hull.

Mr. Matthews states that a church house will be constructed before long, the streets thoroughly graded and the lots put on the market. The lots are to be the regulation size, 50x145.

This land lies between the two railroads, the Frisco and the Santa Fe. It is high and well drained.

## CHARGE TULSA CHIEF WITH HELPING FRAUD

(By the Associated Press)  
TULSA, July 16.—Further evidence was offered this morning by the state on the automobile conspiracy charge against Chief of Police John A. Gustafson, suspended and on trial for removal in the district court.

The state alleged that the police, with the knowledge and consent of the chief, were parties to a plot to have automobiles stolen to collect insurance and get rewards. This is the second of four counts against the chief, the state having finished evidence relating to the alleged failure to prevent the race riots. Attorney General S. P. Freeling who has been conducting the prosecution, left today for Tennessee, where, he announced, his grandmother is seriously ill.

## Libel Charge Dropped.

(By the Associated Press)  
FARGO, N. D., July 16.—Charges of criminal libel preferred against Geo. A. Totton and Charles A. Gomason by A. Lietzbach, chairman of the non-partisan league state executive committee connected with the Courier News, a league organ here, were dismissed late yesterday by Justice Miller. Lietzbach failed to appear to press the charges. Costs were assessed to Totton and Gomason.

**Pontotoc Frolic.**  
Eighteen jolly school teachers from Pontotoc county gathered on the Normal campus last Tuesday evening and hiked to the city lake, where a delightful evening was spent in swimming and boating. Luncheon of sandwiches, fruit and soda water was served and several toasts were given.

On the return to the Normal, favorite school songs were sung. The party disbanded at the Normal, all declaring the affair to be a most enjoyable one.

Christian Church  
Bible school at 9:45 a. m.  
Junior C. E. at 2:30 p. m.  
Senior C. E. at 7 p. m.  
Evening services at 8 p. m.  
Our morning services will be dismissed on account of the commencement exercises which will be held at the Normal school auditorium Sunday morning.

The regular evening services will be held at the church. The sermon for the evening will be "The Pleasures of Sin." Special music.  
There will be a called meeting of the official board which will be held at the church at 3 o'clock in the afternoon. It is urged that every member of the board attend this meeting. It is the first step in the direction of bigger things.

Men's Bible Class  
As usual, the Men's Bible Class will meet at the American theater. The meeting last Sunday was the best ever. Special numbers for Sunday morning. A live class with a live teacher. Come and watch the class grow. An effort is being made to have a large attendance this Sunday than last. We will have unless some of the fellows get stung by the Slump Bug. He is in the air but watch the class swat him.  
H. M. WOODS, Pastor.

Men's Bible Class  
The Men's Bible Class will meet at the McSwain theater at 9:30 tomorrow morning. We had 127 present last Sunday. Durant had 135 present. Let every member bring at least one person with them tomorrow.

Mr. Ellison will teach the class and you will greatly enjoy hearing him. We have plenty of song books and everybody sings.  
C. C. Morris, President.  
J. T. Braly, Secretary.

Methodist Church.  
There will be no preaching service at 11 a. m. at this church on account of the special service at the normal auditorium at 10:45 at which time Bishop Edwin D. Mouzon will preach for the East Central graduates. All our members and friends are urged to hear Bishop Mouzon. He is a great preacher.  
The Sunday school will dismiss early so that all may have opportunity to hear Bishop Mouzon.

The Epworth League and preaching service will be held at the usual evening hour. In the event that Bishop Mouzon cannot remain and preach at the church at 8 p. m. Rev. W. L. Blackburn of Durant will preach. R. C. TAYLOR, Pastor.

Presbyterian Church.  
Sunday school at 9:45 a. m. Sunday school will dismiss at promptly 10:45 in order to allow all ample time to reach the Normal for the baccalaureate sermon.

Dr. J. M. Gordon, former president of E. C. S. N. but now with the Tulsa university, will hold services at the evening hour. He will be delighted to meet his friends at this time.

No morning services other than the Sunday school work will be held. Endeavor societies will meet at the regular hours.

First Baptist Church  
We had 522 present in Sunday School last Sunday. This was a loss over the previous Sunday. We want to make up this loss tomorrow. We had 68 more people in our school than did Durant, but they are liable to take another spurt tomorrow and catch up with us. You will have lots of time to go to the

Normal after our Sunday School dismisses.

There will be no preaching services at our church in the morning on account of the commencement at the Normal. Let all our people go out there and hear Bishop Mouzon. He is one of the really great preachers of the south.

We will have our regular services tomorrow evening at which time the pastor will preach an evangelistic sermon, and a call will be made for decisions for Christ.

The B. Y. P. U. will meet at 7 o'clock as usual.

The Woman's Missionary Society will meet in a Mission Study meeting at the church Monday afternoon at 4 o'clock. All districts will meet together.

A cordial invitation is extended to the public to come and worship with us at all services.

### Song Recital

Miss Kate Draper, teacher of voice from Oklahoma City, who has been giving a summer term in Ada to a large class comprised chiefly of students from the East Central State Normal school, will present twelve of her pupils in a vocal recital at the First Baptist church, next Monday evening, July 18th, at 8:30 o'clock.

Those appearing on the program will be Mrs. Iantha Ferris Tucker, mezzo-soprano; Misses Natalie Manville, mezzo-soprano, Clarine Roach, soprano, Beatrice Hood, soprano, Donna Bell Lee, mezzo-soprano, Beuna Nolan, soprano and Dona May Boud, voice protection pupil; Messrs. Oscar Parker, bass, Russell Boud, tenor, Clifton Parker, baritone, Lester Medlock, tenor and Arthur Harrison, tenor.

Mrs. J. H. Boud will be accompanist for the evening, assisted by Miss Donna Bell Lee.

The public is cordially invited.

7-15-It.

Dr. Gordon to Speak

Dr. J. M. Gordon will speak in the Presbyterian church Sunday evening on the subject, "The Place of the Christian College." In this lecture, Dr. Gordon will take the position that the Christian college is not antagonistic to the state schools but there is a duty to perform which cannot be performed by the state schools. The difference is fundamental, and the state schools can not take the place of the denominational colleges, he believes.

Edison Broadway Hit Service  
brings newest Hits—Cheered up

\$10,000 for some thoughts on these pictures

THESE pictures show two things. First, how music can be used to banish your unpleasant moods. Second, how the New Edison, through its lightning-fast Broadway Hit Service—and other RE-CREATIONS, enables you to utilize the full benefits of music in your own home.

Mr. Edison spent three million

dollars in developing the New Edison. He persisted until he had so perfect an instrument that its RE-CREATIONS of music could not be told from the original music. All this—so that the world might have an instrumentality by which the true beauties and the full benefits of music might be brought into every home.

## The NEW EDISON

"The Phonograph with a Soul"

Can you express the New Edison's service to humanity in some happy phrase or idea, —some way that will distinguish the New Edison from all other sound-reproducing devices? Mr. Edison offers \$10,000 in 23 cash prizes for the best phrases. Stop in or write for

folder of information, and take advantage of

Our Special Offer

We'll loan any responsible person a New Edison for three days. With it, a program of refreshing, summer RE-CREATIONS. No charge or obligation. This will enable you to see what the New Edison can do for you, and get ideas for phrases.

## Irish Truce Is Kept.

(By the Associated Press)  
DUBLIN, July 16.—Eamonn Duggan, chief Sinn Féin liaison officer with the British military authorities, declared today that a truce which began Monday had been well kept by both sides. A few disorders in Limerick and other localities had occurred on the part of the police against the spirit of the truce he said, but orders issued at the military headquarters would prevent repetition.

## IN BED EIGHT MONTHS

Cause—Change of Life. How Lydia E. Pinkham's Vegetable Compound Got Me Up

Afton, Tenn.—"I want other suffering women to know what Lydia E. Pinkham's Vegetable Compound has done for me. During the Change of Life I was in bed for eight months and had two good doctors treating me but they did me no good. A friend advised me to take Lydia E. Pinkham's Vegetable Compound, which I did, and in a short time I felt better. I had all kinds of bad spells, but they all left me. Now when I feel weak and nervous I take the Vegetable Compound and it always does me good. I wish all women would try it during the Change of Life for I know it will do them good. If you think it will induce some one to try the Vegetable Compound you may publish this letter."

—Mrs. A. KELLER, Afton, Tennessee. Women from forty-five to fifty years of age should take warning from such symptoms as heat flashes, palpitation of the heart, smothering or fainting spells, or spots before the eyes, and prepare their system for this perfectly natural change by taking Lydia E. Pinkham's Vegetable Compound. It has helped many, many women through this trying period, just as it did Mrs. Keller.

## In The Oil Fields

The Pontotoc Petroleum trust well, on the Hatcher farm in section 4-4-5, which has been shut down for several days awaiting the arrival of supplies, has resumed drilling at about 700 feet. Considerable hard formation has been encountered, but progress on the well has been satisfactory, it is said.

Transcontinental well, in 14-5-4 at a depth of 2080 feet this morning, drilling about 20 feet in a hard gray limestone.

The Abernathy well in 8-4-5, was reported today to be drilling at about 600 feet after a brief delay.

Estimated production in the fields of the Mid Continent at the close of the past week was as follows: North Louisiana, 71,600 barrels; Arkansas, 52,000 barrels; North Texas, 181,530 barrels; Kansas, 95,000 barrels; Oklahoma, outside of Cushing, Shamrock and Healdton, 232,000 barrels; Cushing and Shamrock, 26,500 barrels; Healdton and Hewitt, 66,000 barrels; total 724,630 barrels, a gain of 5,855 barrels in comparison with the preceding week.

The estimated daily production of heavy gravity oil in the Gulf Coast field was 75,270 barrels.—Oil & Gas Journal.

## SCOUTS TO START CAMP TRIP AUG. 1

Ada Boys Will Take Annual Outing at Devil's Den Near Tishomingo.

Ada Boy Scouts received with joy yesterday the announcement from Scout Executive Harry W. Miller that the annual camping trip would be held at Devil's Den near Tishomingo this summer, beginning August 1. County trucks will be used for transportation and the entire trip will cost each scout a total of \$9.00, possibly less, including transportation, eats, tents, beds and other camp necessities.

Boys who intend to go on the trip should see Mr. Miller as soon as possible and make arrangements. Those who decide at the last minute will not be given the same consideration as those who prepare early. Miller said, adding that it behooves every scout to be prepared when the time comes. Early Monday morning August 1, the trucks will pull up in front of scout headquarters and be loaded with boys, baggage, eats and camping equipment.

Fishing, swimming and other camp life favorite pastimes will be held at Devil's Den. "This will be the chance of a lifetime for the Ada scouts to have a real corking good time for a very small amount of money. This is possible only through the efforts of those who are interested in the movement," local scout men said.

This trip was postponed several weeks ago because the scout lodge at the lake was incomplete.

## MOST SCHOOLS VOTE HIGHEST MILL LEVY

Thirteen out of twenty school boards of the county voted their maximum levy of 10 mills for this fiscal year at their annual meeting Tuesday, according to incomplete returns compiled this morning at the office of County Superintendent A. Floyd. In addition to this, a five mill levy is provided by the constitution.

Mr. Floyd has been busy for the last few days approving and advising boards in the formation of their annual budget for the present fiscal year. These, in general will run about the same as last year with practically no reduction in the salaries of teachers, the superintendent believes. All reports were expected to be received at the superintendent's office here by this afternoon or Monday morning.

Some school districts of the county voted as low as three mills, others running up the scale to the maximum. Expenses of a few districts in the county make possible a low school levy. Mr. Floyd explained. A special election to allow the levying of 25 mills by districts is expected to be called in November by the governor.

Remember fried chicken is one of the three kinds of meat served every Sunday at The Home Dining Room, where everything is cooked in home style and served in home style, and you eat and drink all you want for fifty cents.

## HOT, DIZZY FEELING

Atlanta Lady's Uncomfortable and Annoying Condition Relieved, She Says, by Cardui.

Atlanta, Ga.—Miss Alice Frances Young, of 28 East Alexander Street, this city, says: "After entering womanhood, I suffered so much with womanly weakness. My back ached. I would have, at certain times, a hot feeling that seemed to go to my head. Even my shoulders would hurt, and it made me very dizzy and uncomfortable. When the blood would flow to my head—I suppose that was what it was—I couldn't do my work. I had a good position, and this was surely annoying as well as embarrassing. I would usually have to go home and go to bed. I certainly suffered greatly. I heard of Cardui, and my mother bought it for me. It was the first and only medicine that ever did me any good for this trouble."

Dizziness, headache, sideache, backache, tired-out feeling and other disagreeable symptoms are often signs of womanly troubles. Thousands of women who formerly suffered from these and similar ailments have found Cardui a very valuable remedy.

Cardui is composed only of pure, vegetable ingredients which have long been recognized as of medicinal value in the treatment of many diseases and disorders peculiar to women.

Take Cardui. Your druggist sells it. NC-149

McSWAIN THEATER  
To Start Second Year With Big Attraction Monday, July 18.

There's always enormous advertising value to the exhibitor in showing a picture adapted from a story by a popular writer. "Midsummer Madness" is based upon Cosmo Hamilton's novel, "His Friend and His Wife."

As a writer of thrilling society novels and plays, Cosmo Hamilton ranks with Robert W. Chambers. Mr. Hamilton's play, "Scandal" ran for over a year in New York. His "The Blindness of Virtue" was equally popular. His "Who Cares?" was a screen hit. "Men, Women and Money," from a short story by Mr. Hamilton, was a successful Ethel Clayton picture.

"Midsummer Madness" was published originally as a serial in Green Book Magazine and pleased that publication's 100,000 readers. Later brought out in book form, it has been a "best seller" all over the country.

In cast, original story, and producer, "Midsummer Madness" is 100 per cent perfect. It is destined to smash big-money records all over the country.

# MONDAY Midsummer Madness MONDAY

## McSwain's First Anniversary Screen Offering

It is with a great deal of pleasure and much pride that we can offer our patrons such a picture at this wonderful Paramount special, "Mid-Summer Madness" on this our first anniversary. I frankly confess that in my opinion it is the most flawless picture I have ever seen.

It follows the highest technical standards of motion picture making as well as the dramatic construction of a spoken play. I am convinced it will please and entertain you.

This one of Paramount's super-specials and has been shown every where at fifty cents admission. But we want you to come and celebrate with us on this date, will have special music, a cool house and comfortable seats, our price, 10c and 30c.

One year ago, Monday, July 18, the McSwain Theatre opened its doors to the people of Ada. The foremost thought in our mind was put in practice to offer clean, wholesome entertainment. To show the very best pictures that could be bought and cater to ladies and gentlemen. It has been a trying year and we most surely appreciate the patronage you have given us. We are glad to say without fear of contradiction that we have kept our program up to the standard and in starting our second year we have picked the best to be had in photoplays, Paramount special "Mid-Summer Madness."

## SUPPORT OF H. S. ACTIVITY URGED

Fentem Makes Plea That Town Encourage Its Student Work.

By A. L. Fentem,  
Principal Ada High School

The citizenship of Ada probably does not realize what is required to provide for the activities of the boys and girls of high school age in the community nor of how much benefit these activities are, not only to the boy and girl, but to the community at large as well. Besides furnishing for Ada upon any and all occasions a first class boys band, an orchestra that, for the age and experience of the players, is hard to beat, readers and singers galore, it has furnished as fine a set of representative boys and girls as can be found in any city of its size in the state as the ground work for the worth of the next generation.

The community interest is kept alive in all these boys and girls through these activities and all of them who have come in touch with these features of school life are as thoroughly sensitive to the interests of Ada as their fathers and mothers and are just as capable of rendering valuable community service in their lines. No enterprise of the town escapes their notice and the appreciation which they are capable of manifesting will come as a distinct surprise to those who imagine that boys and girls do not have the welfare of the community in which they live at heart.

**Encourage Activities**

It is no mistake on the part of any parent to encourage his boy or his girl to attach himself or herself to some of these activities. The athletics, the band, the orchestra, the glee clubs, the High "Y", the debating clubs, and literary societies all furnish opportunity for this sort of development and certainly every boy and girl who goes to the high school can find in those that are being maintained in the local school one that is suited to his and her taste and ability. It is the earnest desire of the administration that every student get into one or another of these organizations. So great has been the influence in the school in this direction that only a very small percentage of the students were not in some definite way connected with some activity.

The maintenance of these activities in the high school is not provided for in the budget, nor yet, as in the case of other institutions, by a fee or charge. Therefore, they must be maintained by the personal sacrifices of those who engage in and direct them. Of course, as long

The Most Beautiful Car in America

## All This For \$1635

There is an air of distinction about the New Series "Glenbrook" that you will find in no other moderate priced, five-passenger car. That is why it has been adopted by really smart people who will not tolerate the commonplace.

Then, remember, it not only looks but acts the thoroughbred. Under the hood there is a marvelously efficient motor that accelerates from five to twenty five miles per hour in nine seconds flat. This means giant energy for hills and every test of the highway.

Last, but not least, the "Glenbrook" is a rigid Economist. It extracts every atom of power from a gallon of gasoline and turns up surprising mileage on a set of tires. It is a thrift car with a keen sporting personality—a very hard combination to find.

as there are real teachers, this sacrifice will be made and the activities will go on. But that these men and women are willing to make such surrender of energy, time and means to the welfare of the young does not make it fair that the whole burden of support should be thrown upon them. The community owes it to patronize at least to a reasonable extent, the games, the entertainments, and other enterprises given for the benefit of these things.

**Schools Not Beggars**

The local high school though hard put to it sometimes, has not begged the community for one penny nor made any attempt, whatsoever, to put upon the business men, in the name of patriotic support, anything of questionable value. For every cent paid to the school in this direction full value has been received, or those who have patronized its entertainments, used its organizations, or seen its games have been unnecessarily extravagant. And furthermore, the high school does not intend in the future to take up the role of mendicant or grafter to support its institutions that are not provided for in the school budget.

It may be interesting to know that in the matter of receipts from patronage, Ada High school is lowest of all the towns of its class in the state. Towns like Lawton, McAlester, Chickasha, Shawnee, and Ardmore are far more enthusiastic in support of high school games and other enterprises than we. In the matter of football games, the gate receipts of the above mentioned towns range from a hundred to five hundred and even a thousand dollars a game. Last year Ada's receipts ranged from a minimum of \$25 to a maximum of \$75. There are, however, some excellent reasons for this condition; the Normal is rightfully the big institution and its college games and entertainments are deservedly more attractive than those of the lower grade institution and the burden of the support of the activities of the two institutions naturally entails sacrifice for the high school. The management realizes this fully and these facts are set forth in no spirit of complaint whatsoever. Then, again, comparatively little has been done, heretofore, to bring this matter clearly before the people. This, of course, is the fault of the management and not of the community.

The high school is duly appreciative of the loyalty which has characterized the attitude of the people toward it and its activities and is desirous only of calling attention to the value of this particular undertaking of the school and a need for a more extensive support of those enterprises that are undertaken for its support.

### Plan for New Year

The new school year is about to open and the question of programs is the big question in the minds of those who have those matters in charge. The program for the side activities of the school, while fundamentally, perhaps, not as important as the scholastic program, nevertheless, challenges the interest of every thinking man and woman in the community. It remains with the people of the town to decide whether it shall continue to be a small town catch-as-catch-can affair, or whether by judicious support and personal patronage it shall be elevated to the dignity of a place in our community affairs.

## Ada Men Suggest Lines For City Improvements

### MANY DISAGREE ON CITY NEEDS

Paved Streets and Bridge  
Mentioned by Several  
Local Men.

What is Ada's greatest need?  
Some believe one thing, other another. So many things are greatly needed that some people are at loss to decide, while taking the selections of those who did decide it would be found that there is room for much improvement here.

Local citizens were asked this question and below will be found the answers given by them. It is hoped that the attention of Ada citizens will be directed to the more important things for this city by giving these opinions.

C. P. Penrose, Manager of the Ada Music Company. "We need a 'Moses' to lead us out of the wilderness and help us see light. A leader for this city would help more than anything else I believe to get the things we need most. The right man would be better for the city than any other thing."

J. U. Criswell, Member of the Criswell-Meyers Undertaking Establishment. "We need paved streets. Co-operation on the part of all citizens would help us get them. Other cities are paving and I don't see any reason why we shouldn't."

C. E. Canning, Manager of the Dascomb-Daniels Lumber Co. "Our great need is paved streets. No city is built without paved streets and we will remain a small town so long as we do not have them."

O. N. Walker, Secretary of the Chamber of Commerce. "The city needs many things and needs them badly, but I believe one of the greatest needs is a community house. With the aid of a community house we would be able to get most of the other things."

T. B. Blake, Manager of the Ada Coca Cola Bottling Co. "I think we need a high water bridge across the South Canadian river more than anything else. That will open a chance for many other good things to be secured by its worth to the city."

W. G. Moser, Proprietor of the Mosier's Department Store. "Ada needs more industries. That would not only increase the number of salaried men in the city, but it would bring more capital here, more money to the laboring class, and primarily we need more money. Industries would get it."

### Keep Sane Fourth Is Warning Word From City Mayor

Mayor Kitchens announced today that he was instructing his policemen to keep a sharp watch for anyone setting off fireworks in the business section of the town, July 4. This is necessary to guard against personal injury and fires, he said.

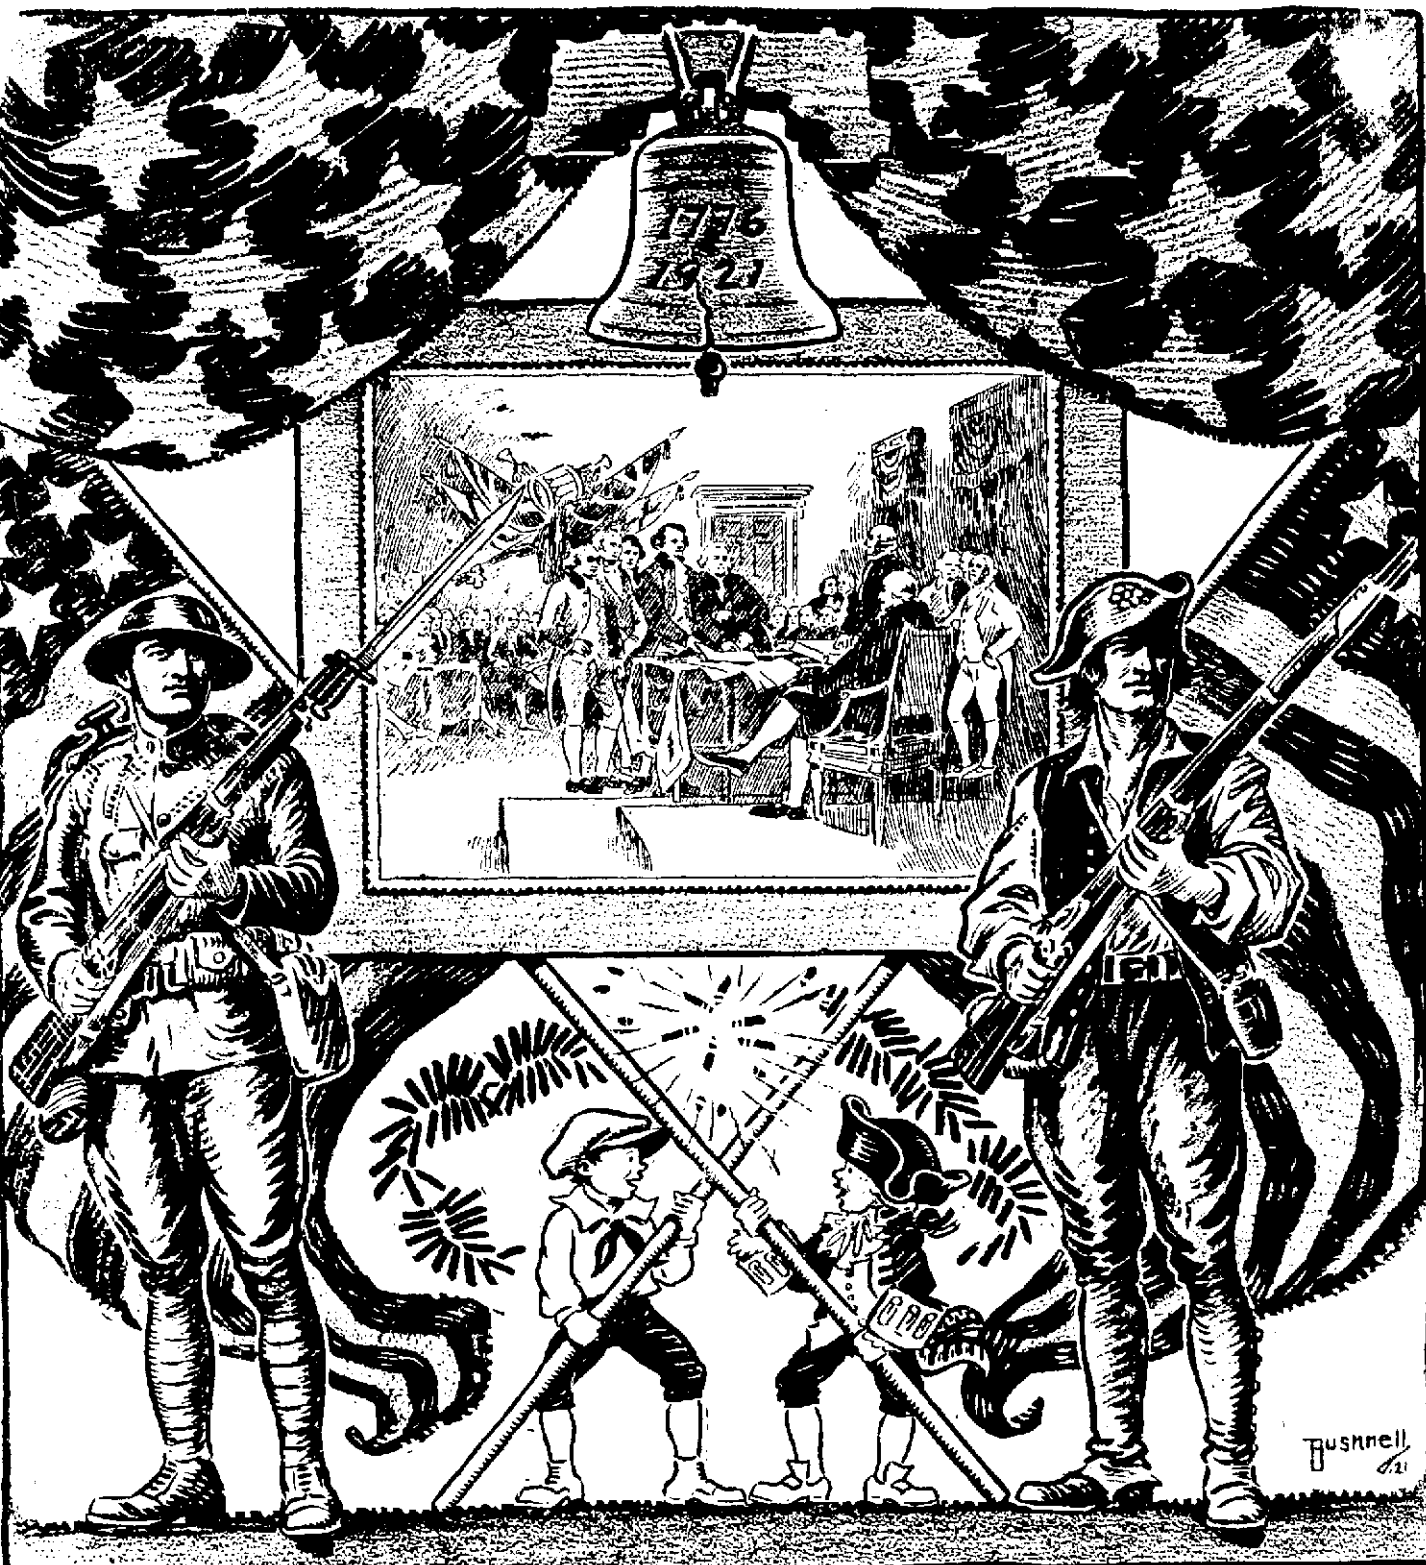

Children were seen carrying loads of fireworks home today in preparation for the big celebration on July Fourth. Decorations are becoming evident of the city and the "Glorious Fourth" will be appropriately observed in Ada. Local merchants announce that they will be closed Monday and those who do most of their shopping on that day are advised to do it today instead.

A ball game will be played here on the afternoon of the Fourth. Swimming pools, theatres and other amusement places will be open all day. Many Ada people are planning trips to other places where picnics and public celebrations are being held.

### ROUTE IS PICKED FOR NEW HIGHWAY

Road Selected by Surveyor  
Adopted by Committee  
on Investigation.

Representatives of the Good Roads Motor club, Oklahoma Portland Cement company, and J. I. Laughlin, county commissioner, were in the Lawrence vicinity yesterday to select a route for the proposed Cotton Belt Highway, passing through this part of the county. According to a statement of N. B. Stall, one of the representatives of the Good Roads Motor club, the route selected by the county surveyor, leaving the old road at the Lawrence crossing and going around the right of the Fitzhugh hills, was approved.

It is believed this is the best route and work will be started on it at 8 o'clock Tuesday. Four men will be furnished by the club, two men with a drill will be furnished by the Cement company, and two trucks with drivers will be furnished by the county. It is expected with this force of men, work on the road will progress rapidly. Chat will be put on the rough places and proper drainage ditches will be built.

Work on part of the old road has been going on for some time and those who were in that part of the county yesterday stated that a great improvement had been made. With the co-operation of the Cement plant it is believed that this will be made one of the best stretches of road in the county.

### Errand Boy to Boss is Record of Local Man

"From office boy to manager." Not always in this as pure fiction as it sounds. In this manner may be described the extraordinary record of M. O. Matthews, who in twelve years time has climbed from the bottom job to the manager's chair of the Oklahoma Portland Cement company here, one of the largest business concerns of its kind in this part of the country.

Since the time when he first started his duties as "boy" and "runkle" in the company's office, Matthews has held practically every job in the plant and is familiar with the factory from the raw materials store room to the manager's desk.

"I started in to learn the business and have absorbed at least some of it by sticking around all this time," Matthews said yesterday.

On the matter of his own phenomenal advance, the manager is quiet. It is only by talking of his business that the outsider can get a glimpse into the history of its head.

It was back in 1909 when Matthews walked into the office of the Oklahoma Portland Cement company, then nothing of the extensive plant that it now is, and asked for a job. He went to work at odds and ends and stuck with the task five weeks. Then he started his remarkable climb that took him to the inside of every phase of the cement manufacturing industry.

In January, 1918, he was placed in virtual charge of the big plant but it was not until January, 1920, that he became manager and in charge of all operations of the Oklahoma Portland Cement company.

"Must Learn Something." "A fellow couldn't help learning

something about this business. If he liked it, in twelve years to save his life"—this is the only explanation Matthews will give of his unique advancement record. "I just wanted to know it. And there is plenty to learn here to keep a fellow on the alert all of his natural life—and then he'd only be started," he said. But in this meager statement, Matthews conceals years of hard work and "stickings." He has lived in Ada practically all his life. His father, E. E. Matthews, who for some time was a professor in East Central Normal, left in 1911 for Enid where he established a music store.

M. O. Matthews married Miss Olive Kice, daughter of George L. Kice of this city, in 1915. At that time Mr. Kice was one of the officials in the company. The Oklahoma Portland Cement company was then under the management of Adam L. Beck and associates. In 1917 there was a change in ownership of the plant and Matthews was again promoted. He was made an official in the company when it was under the management of J. M. Wintersmith. When Mr. Wintersmith died early in 1918, Matthews became virtual head of the concern.

**A Democratic Boss.** He is thoroughly democratic. Years of labor with the plant has given him a genuine sympathy with every one of the scores of employees. When he is in the manager's swivel chair, he is at home. Then as he goes through the big mill where tons of raw materials are ground daily, he calls all employees, down to the most humble laborer, by their first names. With a slap on the back he establishes an intimate brotherhood with his workmen. With him they are

### \$18,000 LOSS IN FITZHUGH BLAZES

Fire Bugs Suspected as the  
Cause of Early Fire;  
Wires Down.

Fire which broke out at about 2:30 Friday morning at Fitzhugh completely destroyed the building and stock of the J. M. McDonald general merchandise store, with a loss of about \$15,000, damaged the telephone office and telephone poles and wire to the extent of about \$100, and burned some adjoining property, according to reports which reached here this morning.

Total loss from the fire was estimated at \$18,000, part of which was covered by insurance. Although the cause of the fire is not known, incendiaryism is suspected. The only clue to its origin was a window which was found to have been removed from a rear window of the McDonald store and carried into the back yard some distance away. It is thought that someone may have entered through the window and ignited the building. Merchandise destroyed in the McDonald store was estimated at \$7,000 and the building at \$8,000. The building belonging to Mrs. Lee Smith, on the corner near the McDonald store, was somewhat damaged but a bucket brigade saved the building of W. E. Carr.

Telephone lines which were burned into and broken when two poles fell are being repaired and will be in operation again soon, it is reported.

Tonight and Sunday generally fair.

### CHAMPION DRAGS BLEEDING FRENCH CHALLENGER FROM RING AT FINISH

French Idol No Match for Heavier Fighter Who  
Batters Him Unmercifully About Small Ring;  
Gong Saves Georges at End of Third and Last  
Round Tells on Invader's Supreme Grit.

(By the Associated Press)

RING SIDE, Jersey City, July 2.—Georges Carpentier finished flat on his face, his legs and arms out stretched in fourth round. Jack Dempsey, world's heavyweight champion knocked him out a few seconds after the round opened, sending him heavily to the canvas with a short right hook to the Frenchman's chin. The actual time of fighting in the fourth round was one minute and sixteen seconds. Previous to the knockout Carpentier was floored with a left to body and a right to the chin. Carpentier took count of nine before springing to his feet where grim determined Dempsey measured him with punch to chin which ended the battle.

Dempsey stood over the fallen French idol until the count was finished and then tenderly picked up the bleeding and dazed Frenchman and dragged him to his corner. Dempsey gave Carpentier an unmerciful beating.

The crowd, which during the bout rose and sank in waves rippled from the ringside to the rim, stood in its place after the knockout. They cheered the conqueror but also cheered the vanquished. The Frenchman's supporters clung around his corner until he was revived and staggered from the ring—the battle of the century was over.

((By the Associated Press))

RINGSIDE, Jersey City, July 2.—Jack Dempsey re-established his claim to the world's heavyweight championship by knocking out Georges Carpentier the French challenger, in the fourth round here this afternoon.

Dempsey had an easy mastery of the ring throughout the brief battle, pounding the invader unmercifully early in the bout. At the end of round two, the American clearly had the better of the ring and from that time did not lose his superiority in the battle.

Carpentier was saved by the bell from being knocked out in the third round and the champion dealt his decision swing as the challenger entered the ring for the fourth.

The bout by rounds:

**They Weigh In**  
Carpentier entered the ring at 2:57 and two minutes later Dempsey came in. Benjamin Hayes, Jack Kearns, Mike Trand and Bernard Dempsey, the champion's brother, went to Dempsey's corner with Manager Kearns in charge. Desamps, Journee, Eddie LeDoux were in charge of Carpentier's corner. They exchanged left hooks to jaw. Carpentier's right swing shot and Dempsey clubs him on the jaw with left hooks. Dempsey battered Carpentier into corner with rights and lefts at bell. Bell saved Carpentier from knockout.

**First Round**  
Carpentier landed a light left and clinched. Carpentier landed a right. They fought at close range and clinched. Dempsey sent a short with his left to the challenger's head. Carpentier missed with his right but connected with a left hook. Dempsey punished him, beating him unmercifully. Carpentier was groggy and bleeding at the nose. Dempsey misses with a right swing but beat Carpentier as they clinched. Carpentier fell through the ropes trying to avoid the punches. He flew into Dempsey as he crawled back into the ring.

**Second Round**  
Carpentier misses with his left and clinched. Carpentier backed away and Dempsey looked him with a right to the jaw. Dempsey followed him, beating him around the head with rights. Carpentier fell short with a left hook but he staggered the champion with six rights and lefts to the jaw. Dempsey staggered and split the Frenchman's left eye with a hook. There was a cut under the eye. Carpentier missed with a right swing. Dempsey missed with a right swing. They each exchanged punches in a clinch as the bell rang. Dempsey had the better of the round.

**Third Round**  
Carpentier ducked a left hook.

**CLOUDY WEATHER PREDICTED**  
WASHINGTON, D. C., July 2.—Partly cloudy weather, a temperature of 80 to 85 degrees, and a good deal of humidity was the bureau's forecast this morning for the weather conditions around the Jersey City arena when Dempsey and Carpentier go into the ring today. Rain clouds developed early today through the territory to the north and coming south as far as New York City, but the bureau called (Continued on Page Six)

## ORGANIZED LABOR AND THE SIX-HOUR DAY

The Federation of Labor refused to declare for the six-hour day, but it pledged its support to any affiliated organization that might shorten the workday of its members. This action seems to signify that the six-hour day is the goal of organized labor, as much so as the eight-hour day was fifteen or twenty years ago, but that it deems the present an inopportune time to attempt to supplant the eight-hour day as an institution with the six-hour day.

From that judgment there is not apt to be much dissent. There can be little doubt that organized labor would doom itself to a disastrous defeat if it should demand a shortening of the workday at a moment when the world is impoverished by the war. To propose to lessen production at a time when the most imperative requirement is a great increase of production would probably be resented as a mockery of the world's misery. Undoubtedly the Federation acted prudently in refraining from making a demand for the six-hour day. Whether it acted with equal prudence in letting it be known that the making of that demand merely waits on a propitious moment is not so evident.

By giving play to the imagination, one may foresee a time when the accepted workday will be even shorter than six hours. But when one considers the prerequisites that must be satisfied before the six-hour day will win the assent of public opinion, one must feel that that time is far in the future. Before that can be thought desirable, or even tolerable, the individual's capacity for production must be made very much more than it is now, a task which its performances of the past make it certain it will master. As a further condition, society must have renounced many of the luxurious indulgences which now enlist so much human energy. And, finally, society must have undergone such an intellectual and spiritual improvement as to make it seem socially safe to give men the leisure which the six-hour day would bestow on them. Work is a moral prophylactic which it would be socially suicidal to surrender now in the large measure that it would be surrendered by the institution of the six-hour day.

The winning of the eight-hour day does not argue that the six-hour day can be won with anything like equal ease, even when the economic, social and moral conditions of society seem to make it practicable. Probably the one consideration which contributed more than any other to win the assent of public opinion to the eight-hour day was the belief that a longer day of continuous labor, and particularly in the labor of tending machinery, overtaxed the strength, and, by doing that, impaired both the productive-efficiency and the health of the worker. The argument can not be made so persuasively in behalf of the six-hour day. There are probably some employments, of which coal mining may be offered as the foremost example, that are so exhausting in their demand upon human strength and so depressing in the environment they impose, as to make a six-hour work day the limit of reasonable and humanitarian exaction. But these are exceptional instances, and few in number. As to the great majority of employments, public opinion is pretty firmly fixed in the notion that eight hours of labor daily make no more than a fair and safe demand on the strength of the individual, and until it gives up that notion, something it is not likely to do soon, it is apt to regard the demand for a shortening of the work day as an attempt to shirk some part of an equitable share in the task of supporting the social economy.

It must occasion some surprise that organized labor should disclose its intention to insist on the six-hour day at a time when it is attempting to effect an industrial and political alliance with the farmers. It is a prospect that is certain to heighten the disinclination of the farmers to respond to that overture. For there can be no doubt, since it is easily demonstrable, that it is the high cost which organized labor has imposed on service and production that contributes as much if not more than anything else to the afflictions of the agricultural class. The products of the farmer need the touch of craft labor to make them serviceable either to him or to those upon whose consumption of them he relies for a market, and the more that touch assesses a tax on his products, the more it contracts the markets into which he must sell his surplus. The farmer can hardly contemplate with satisfaction the prospect of another addition to the heavy tax which labor has already assessed against him.—Dallas News.

Would it not be well for Ada to prepare a camp for tourists. We are now on a main highway and camping tourists will want a place to stay. We must keep up, you know.

## Summer Months Good Boosters for Local Gas Filling Plants

With the coming of long summer days and the great call for long rides into the country and trips overland, automobiles have been much in demand and local consumption of gas has increased by bounds, statistics show. Local filling stations state that during the month of May the demand for gas was about 200 greater than it was in the most of February. Oil is being used in similar proportions.

Car owners who visited the filling stations one or two times a week during the winter now visit them from three times to six times a week. This includes people using cars for pleasure only. Trucks, service cars, and transfer cars are more in demand this summer than they were during the winter, according to the amount of gas sold to them.

Among the regular customers who make daily visits will occasionally be found strangers, tourists who stop in the city for gas, oil, repairs, and other necessities. Tourists are not as numerous now as they will be later, dealers said. Out of town people are seen frequently here, most if them being people from nearby towns.

It is roughly estimated that about 1500 gallons of gas is sold in the city daily. Five oil and gas stations distribute the products to the filling stations of which there is more than eighteen. The demand for repairs is greater now and old cars, laid up for the winter, have been brought out and fixed up for use.

## COLLEGE GIRL WANTS TO LEARN CLERK JOB

(By the Associated Press)  
KANSAS CITY, July 2.—With the idea of some day becoming a department store official, Miss Elizabeth Boyd, a recent Smith College graduate, is working behind the counter in a downtown store here, selling everything from frying pans to books and eyes.

It's hard work, Miss Boyd says, but thoroughly interesting. And she is learning not only the stock and the business itself, but the human side of it as well, for none of her associates knows that she is there on any different footing than they are. "Some of them were inclined not to have much to do with me at first," says Miss Boyd, "but I found the road to their hearts when I began reading the girls' palms for them during the lunch hour. And now I have more heart problems to solve than Laura Jean Libby."

Another discovery Miss Boyd has made is that "honey" is the most overworked word in the English language in department store circles. All the girls in her store "honey" each other and "honey" the customers, and a considerable number of the customers "honey" them in return.

"It is perfectly amazing," she said, "to discover how many of them in this place have been married and divorced before they are 19. Love affairs are the one great topic of conversation and interest among many department store girls here, and the fact that one husband has turned out badly is no discouragement."

"I like them, and I've made a lot of friends, but you'd be surprised to find how few I know have any idea of staying with their work or rising in it. With a whole lot of them, it's simply a matter of holding a job until they can get married, or until they can save up money enough to get a divorce, so it seems."

"Fresh floor walkers? Yes, they are not entirely fiction. I've come across a couple that my boss seemed much surprised to hear about. But of course, the girls wouldn't tell her."

"In a few weeks I've certainly learned a lot I never did in college, and it seems to me it ought to make me a lot more valuable in a bigger job, when I'm ready for it. To know what Nellie at the ribbon counter thinks about her employers and the world in general."

## COMPILE HISTORY OF FOUR TRIBES

Historical Society Collects Interesting Facts on Indians.

(By the Associated Press)  
OKLAHOMA CITY, July 2.—In the course of the next six months, histories and genealogies of four of the principal tribes in Oklahoma—the Creeks, Cherokees, Choctaws and Chickasaws—will have been compiled and ready for distribution, according to an announcement today by the board of the Oklahoma Historical Society.

Major George W. Grayson, of Eufaula, son of the late chief of the Creeks, a lieutenant in the Spanish-American war and a major in the world war, has taken up the history of his tribe where his father left off declared by Creek authorities to be the most exhaustive survey ever made of the Creek tribe.

Miss Muriel Wright of Olney, granddaughter of Gov. Allen Wright of the Choctaws, who, historians declare, was the first person to suggest to the federal government the name of "Oklahoma" in the treaty of 1866, is compiling historical data of both the Choctaw and Chickasaw tribes. These two tribes have always been closely affiliated, both in language and customs.

Starr's History Ready  
Dr. Emmet Starr, prominent in tribal affairs of the Cherokee nation, already has prepared his history and genealogy and it is in the hands of the printer. Those who have read his material declare it is the most authoritative and complete compilation of tribal activities since the time of its organization that has ever been assembled.

Endorsement of these members as competent to prepare a history of their respective tribes has been received from practically every prominent member of all the tribes. These include heads and former heads of the tribes, ex-governors and Indians now holding responsible positions in tribal affairs.

"These histories," according to the board's statement, "are not alone going to be a recitation of tribal ancestry and achievement, but a genealogy of their members as well. It is planned to carry on a list of these books after publication, in order that those who have not already subscribed for their volumes may have an opportunity to get them."

CUSHING—A Junior Town organization has been perfected here as the result of a meeting of children of the city with the Chautauqua director for child education.

## "Patsy" O'Neal Is Guest of Veterans in Oklahoma City

(By the Associated Press.)  
OKLAHOMA CITY, July 2.—A reception of welcome to Col. "Patsy" O'Neal, formerly a brigadier general in command of a brigade in the nineteenth (Oklahoma-Texas) division of the world war, but recently assigned to Oklahoma as senior instructor of the National guard, will be given at an amusement park here tonight by representatives of the American legion, national guard, state, city and civic organizations.

Governor Robertson, Mayor Walton, Adj. Gen. Charles F. Barrett, Edgar Fenton, president of the Oklahoma Federation of Labor, and presidents of every civic and business organization in the city will welcome Colonel O'Neal on behalf of their government and organization.

"Flynn's band of the Second regiment, Oklahoma National Guard, will conduct a concert preceding the speaking, which is scheduled to begin at eight o'clock. Speeches will be limited to 5 minutes each. Following a response by Col. O'Neal, guests will be issued cards to the dance pavilion at the park and be led by the governor and Mrs. Robertson to a ball given in honor of the army chief.

### "HOME TALENT" COMING WITH AN ALL-STAR CAST

The art photography accomplished on the Mack Sennett lot a few months ago by James E. Abbe, celebrated New York Photographer, will soon be revealed on the screen in connection with a spectacle-comedy, "Home Talent," released by Associated Producers and to be shown at the American Theater Monday.

When Abbe was a visitor in Los Angeles recently he went out to the Sennett studios on appointment to take "still" photographs of some of the charming "subjects" numbered in the far-famed Mack Sennett beauty forces. While there he was asked by the Comedy King why the lightning effects he achieved in his "still" portraits could not be brought to motion picture photography.

The answer was so reassuring that Mr. Sennett gave Abbe "carte blanche" and the result was a series of radiantly beautiful motion pictures developing an interesting and thrilling episode of the days of ancient Rome. This episode has been woven into a story of which it originally was conceived to be a part, and it put forth under the belief that motion picture "fans" are ready for fine-art photography even in their comedy moods.

All the members of the Sennett feminine forces are assembled under the discriminating eye of Abbe's sensitive camera and are subjected to the principles of lighting and posing that have made that Gotham artist famous all over the world. The result is a picture-comedy in which, for the first time, so it is claimed, the beauty of the Sennett girls is adequately revealed in an atmosphere of refined and revealing art.

Naturally the principal role (feminine) is assumed by Phyllis Haver, whose right to the part is uncontested even by the superlative beauty of her fairest companions. Miss Haver has long been identified as queen of the Sennett Beauties and she sustains her position with grace and ease.

MUSKOGEE, July 1.—Malcolm Ethridge, 18, victim of a holdup at a gasoline filling station last Tuesday night, was kidnapped last night, the police announced shortly before noon today.

## ERRAND BOY TO BOSS RECORD OF LOCAL MAN

(Continued from Page 1)  
"Uncle Charley," "Bill," and "Pardner."

Something of the magnitude of the plant may be seen in the fact that every day 30 car loads of limestone and shale are dumped from the raw materials bin into the gigantic jaws of crushers and run through miles of machinery into the place where it is stored as the finished product—portland cement.

"The cement business is off somewhat now, or course," Mr. Matthews said yesterday. "But one

might expect it considering the fact that last year we were unable to supply the demand. Now our capacity is greater than last, and even with somewhat depressed conditions we did more business in the first six months of this year than for the same period of last."

## In the Good Old Summer Time

"In the Good Old Summer Time" was a popular song several years ago. That was in the days when a dish of ice cream sold for a dime and a malted milk for a dime. Soft drinks are much higher now and then there is the little old war tax besides. You'll have to admit though that we use the very best of syrups, fruit flavors and all the touches that go to make up your favorite summer delicacy or drink. Yes and we serve just a bit larger quantities than in the olden days. You can always count on a clean glass, for one of our hobbies is the fountain service par excellence in the matter of cleanliness and sanitary precaution.

Miss Pauline Smith, who has been attending the summer Normal left yesterday afternoon for her home near Hazel to spend the week-end visiting home folks and friends.

## SOLDIERS' HOSPITAL LOCATED AT SULPHUR

(By the Associated Press)  
OKLAHOMA CITY, July 2.—Architects to draw plans for both the addition to the university hospital and the sanatorium for tubercular war veterans to be located at Sulphur were chosen Friday afternoon at the first official meeting of the state soldier's relief commission. Charles P. Neider and Morris Jayne of Oklahoma City were chosen by the commission to prepare plans and specifications for the Sulphur institution. The firm of Hawk and Parr, also of Oklahoma City, was chosen to draw plans for the remodeling of the first floor of the university hospital and the construction of a new administration building.

A 20-acre tract adjoining the Platt National Park at Sulphur, offered by the citizens of that city, was chosen by the commission as a site for the hospital. The tract is on a high ridge overlooking the park and less than a mile from the city. A stone building which has been used as a school house on the tract will be deeded to the state and utilized by the commission.

**CAMERA INVADERS THE MOUNTAINS OF KENTUCKY**  
The motion picture camera invaded the Kentucky mountains for the first time during the filming of the Charles Maigne production of the John Fox Jr. novel, "The Kentuckians," featuring Monte Blue. This picture will be exhibited for two days next week, starting Monday, July 4th.

When Mr. Maigne notified the studio that he would take a motion picture company to Big Stone Gap, Va., the old home of Fox, he was warned that it would be impossible to work in the community because the mountaineers wouldn't permit it. Arriving in the town, Mr. Maigne planned how he would "show them", and through the aid of the press, slides in the motion picture house and personal excursions into the mountains he obtained the most nicely collection of mountaineers, old men and women who hadn't stirred from their cabins in years.

Monte Blue has the role of Boone Stollard, a mountaineer, who goes to the Kentucky legislature and, with the odds all against him, succeeds in proving to the others that the mountaineers can rule themselves. Viola Allen has the leading feminine role. Showing at the McSwain theatre.

A new sign has been installed by the Western Union. Workmen are in the city this week completing the job and doing other work for the company.

A membership drive was started immediately after first steps of the organization had been taken. Much enthusiasm is being shown by those in charge of the affair believing it will be a success. All efforts of the club will be to improve conditions of roads near Wetumka to boost the Cotton Belt highway.

## Styles in Bathing Suits Change Many Times in a Season

With the opening of two new bathing pools in and near the city this season the demand for bathing suits has become greater than ever. All other years together, and ladies are also taking an interest in bathing at these popular resorts.

Local dealers in bathing suits state that at least one third of the suits sold are to women. Various types, models and designs of suits are required by the women. Few, however, desire the extreme modest type, while the majority like the latest and more "efficient" make. Some want flashy colors, others pretty trimmings, many desiring the uniform style of short skirt and white belt suit with white or red skirt. This is one of the latest suits on the market, according to local dealers.

Men want the kind of suit that will permit them the most comfort and freedom in water. The white belt suit is also growing to be a favorite with them. Sport types with school colors are also popular. Bathing caps and other accessories for women are much in demand also.

Some dealers advanced the opinion that next season and in the seasons to come bathing facilities will be greatly improved here. This will necessarily call for more suits, later models and a host of different types for the women as very few women prefer the same kind of suit.

## BIG FIGHT RE-ENACTED ON STREETS OF CITY, REPORT

The Dempsey-Carpentier fight was re-enacted at the intersection of Main and Broadway here this afternoon just a few minutes after the results of the fight had been received here. It seems that two boys near the age of 18 years, had come to some disagreement over the results and decided to settle matters by the aid of their fists.

One taking the part of Dempsey and the other Carpentier, made quite a show for a large crowd of spectators. Names of the participants could not be learned but those who saw the encounter stated that Dempsey's defender was successful in the outcome. Other hot arguments were noticed on the streets but no fistie battle other than the one mentioned was reported.

**Our Store Will Be Closed for the Great Day, Monday July 4th**

It is a source of pride to stop and thing that we live on a continent in which peace and prosperity go hand in hand safe under the principles and policies which this day most fittingly represents, assuring as it does the independence and competence of a government in which the voice of the people is expressed fully and impartially.

And with the thought of this great day let us also add that the success our store has had, has also come from giving to our community that which they expect most from us, satisfaction and service, with a constant bettering of both merchandise and methods.

Senior Endeavor at 7:00 p. m.

Dr. Seth A. Gordon of Tulsa will conduct services tomorrow.

You have a cordial invitation to worship with us.

### First Baptist Church

Sunday School will begin at the church at 9:45, with Mr. J. A. Riddling as superintendent. Last Sunday we had present 643 in our Sunday School. This is the largest number of people that have ever attended any single Sunday School in the history of our city. The contest is waxing warm. McAlister had 348 present last Sunday, and Durant had 639. We had only four more than Durant. Let's try to have every resident member of the First Baptist Church at Sunday school. We also cordially invite all others.

The men's Bible class will meet at the McSwain theater at 9:30. We had 195 men present last Sunday. Durant had 147 last Sunday, but the pastor writes that they expect to go far beyond that number tomorrow.

Dr. Dawson will preach at the McSwain theater at 10:30 to men and boys. We hope to have the theater packed with men and boys at that hour. Mr. Allen will have charge of the music. Let every man and boy in Ada be present for this service.

Mrs. Dawson will speak at the

time at the church at 10:30 to women and girls. Mrs. Dawson has won a place in the hearts of the people of Ada by her winsome personality and her unusual ability as a speaker. Let all women and girls be present to hear this message.

At 3:30 in the afternoon, Dr. Dawson will speak at the church on the subject, "Scriptural Baptism." If there is any question in your own mind on this important subject, be there tomorrow afternoon. Immediately following the address, the ordinance will be administered.

Let all those who expect to be baptized be present.

The B. Y. P. U. will all meet at 7 o'clock.

The closing service of the meeting will be held on the church lawn at 8 o'clock Sunday evening.

Dr. Dawson will deliver his final message and is exceedingly anxious to have a large crowd present to hear this message. We have had a great meeting with nearly one hundred professions of faith and sixty odd additions to the church.

CLYDE CALHOUN MORRIS, Pastor.

Catholic Church.

Mass at 9:30. All invited.

## WHEN EYES ARE RIGHT

they will never ache or smart. Cold winds will not cause them to water and reading will not cause weariness of the eyes.

But when they are wrong—trouble begins. At first it is only a sensation of tiredness after work. After a time your eyes will ache or smart occasionally. Then you probably will have "unaccounted for" headaches.

There is only one real remedy—glasses. At the first indication of trouble, call and let us make a scientific examination of your eyes.

...And so it will be until the end of time. Men fighting the good fight, all struggling toward the one goal, "Financial independence and happiness."

Some will succeed, more will fail, some will arise and go on, others will turn back. Those who fail will say of those who succeeded, "I wish I had done as he did."

Don't be one of that kind, you can protect yourself against it by doing the wise thing. Save and put your money to work for you. Invest conservatively, and where your money is safe with a good return.

## HOW WOMEN OF MIDDLE AGE

May Escape the Dreaded Sufferings of that Period by Taking Mrs. Block's Advice

Hopkins, Minn.—"During Change of Life I had hot flashes and suffered for two years. I saw Lydia E. Pinkham's Vegetable Compound advertised in the paper and got good results from taking it. I recommend your medicine to my friends and you may publish this fact as a testimonial."—Mrs. Robert Block, Box 542, Hopkins, Minn.

It has been said that not one woman in a thousand passes this perfectly natural change without experiencing a train of very annoying and sometimes painful symptoms. Those dreadful hot flashes, dizzy spells, nervousness, are only a few of the symptoms. Every woman at this age should profit by Mrs. Block's experience and try Lydia E. Pinkham's Vegetable Compound.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co., Lynn, Mass., about your health. Your letter will be opened, read and answered by a woman, and held in strict confidence.

## BAPTIST MEETING WILL END SUNDAY

Revivalist Shows Pity of Half-baked Life in Sermon Friday.

Services tomorrow night will close the two weeks revival which has been in progress at the First Baptist church, according to announcements made at last night's service by Rev. C. C. Morris, pastor.

At 10:30 this morning, Dr. J. M. Dawson, revivalist, was to speak at the church on "What is Heaven?" The service was especially planned for old people and members of the church were asked to assist in getting out a good crowd of "shut-ins" of the city. Tomorrow morning at 10:30, Dr. Dawson will speak to the men of Ada at the McSwain theatre. At the same hour, Mrs. Dawson will address women and girls at the First Baptist church. Sunday afternoon at 3:30 the ordinance of baptism will be administered in the church. At this time, Dr. Dawson will speak on "Scriptural Baptism."

Last night Dr. Dawson spoke on "The Comedy and the Tragedy of Half-baked Lives" to a crowd that overflowed the out-of-doors and auditorium on South Broadway. Taking as his text "Ephraim is a cake half turned," the speaker pointed out the tragedy of human lives that were "half-cooked" in any respect. "There are thousands of people today who are Ephraimites, half turned, and lacking in thoroughness," he declared.

One Sifted Education. Continuing, the evangelist said in part: "In respect to religious knowledge, the ignorance of our modern college students on the Bible is a common joke. A university senior when called upon at one time to quote a verse of scripture said: 'And Moses spoke to Paul out of the whale saying: Almost thou persuadest me to be a Christian.'"

The revivalist pointed out the fact that 12 per cent of our soldiers during the war were illiterate but declared that almost 80 per cent knew nothing of the Bible.

"The only kind of knowledge that will save and uplift society is a thorough knowledge," he added. "We send out children to school five days in the week to study reading and writing and arithmetic but think they're lucky if they go to Sunday school 30 minutes a week to learn of Christianity. That is the result of our half-baked religion which alone explains the fact that most of our people keep expensive leather-bound Bibles on their library tables and never open them except to record a birth or a marriage."

## FOUR NEW OFFICERS INTO OFFICE JULY 5

Four new county officers, only two of whom are actually new, will be sworn into office Tuesday July 5 at the first meeting of the new commissioners for the new fiscal year which started July 1. County clerk H. T. Erwin will induct them into office.

They are H. C. Stephens and W. H. Brents, newly elected county commissioners, D. W. Swaffter, county treasurer, and A. Floyd, county superintendent. Retiring commissioners are W. H. Brunley and J. D. Page. Old county commissioners are busy this week straightening up business of their offices for turning over the reins and will meet with the new board of commissioners in joint session Tuesday.

D. W. Swaffter will officially open his second term as county treasurer when he is sworn in next week. Mr. Floyd is entering his third consecutive term as county superintendent of schools.

## GOOD HEALTH HINTS

Oklahoma Farmer Gives Sound Advice on Avoiding Sickness.—Used Black-Draught 30 Years.

Cameron, Okla.—"I have used Theodor's Black-Draught for about thirty years, and certainly ought to know by this time what a good medicine it is," says Mr. T. L. Bostler, a well-known farmer of this place. Mr. Bostler has passed his three-score-and-tenth year, but declares his health still is good, "and I can say Black-Draught did its part."

"Where there is a lot of malaria, a liver medicine is a necessity, and I have never found one better than Black-Draught," continues the Oklahoma farmer. "It is one that I know to be reliable. I sure use it for the liver, stomach, constipation, indigestion, and it has done me a world of good. We use it for the family, and it gives satisfaction."

"Most trouble, or sickness, comes from the liver, and if taken in time can be avoided. That is why I use Black-Draught as I do. I am much pleased with results obtained."

Theodor's Black-Draught is purely vegetable. It acts on the bowels, gently stimulating the liver, and helps increase the normal flow of bile into the intestines. It assists in the digestion of food, and relieves constipation in a prompt and natural way.

Ask your druggist for a package today. Insist on Theodor's. NC-139

**Georges Arrives 12:50.**  
JERSEY CITY, July 2.—Georges Carpentier, the French challenger, arrived on the yacht Lone Star at 12:50 this afternoon.

**He Loses Way.**  
JERSEY CITY, July 2.—The challenger lost his way on entering the Boyle's thirty acres. He stood outside puzzled as to the way to take. Two guides went and piloted him in. Manager Deschamps entered the arena chattering to himself, with abandon and speculation as he marched to the dressing room a few feet ahead of the challenger.

**Enters Arena at 2.**  
RINGSIDE, July 2.—Carpentier entered the arena at 2 o'clock and went immediately to the dressing room.

**Few Notice Challenger.**  
RINGSIDE, July 2.—Carpentier arrival in the arena was unnoticed by all save nine of the 91,600 odd spectators. They raised a cheer but the demonstration was soon over.

The challenger looked as dapper as ever. He was wearing a gray suit with a cap to match.

About two the crowd began to shed their coats and soon became a shirt sleeve party.

**HOT PRELIMINARIES OPEN BIG PROGRAM**

RINGSIDE, July 2, 1 p. m.—The carnival of blows for which thousands of people met today about a little 18 foot ring in Jersey City was opened at 12:10 with the pre-

liminary bouts that served as cock-tails for the feast, the battle between Jack Dempsey of America and Georges Carpentier of France, for the heavyweight boxing title of the world.

The first bout was between Micky Delmont and Jackey Curtain.

After sitting for hours in a wooden bowl under the lowering sky the army of spectators straightened the kinks out of their backs, polished their glasses and prepared to view the world's greatest fight in the world's greatest arena.

When the champion and challenger later usurped the stage, it was under the gaze of one of the most remarkable fight crowds ever assembled, coming from the four corners of the earth, a crowd that embodied notables in every walk of life, a crowd in which thousands of women waited as eagerly as the men for the test of strength and skill that would come when the champion of the old world met the champion of the new.

**Openers Start Early.**  
The first preliminary bout, an 8 round affair, was put on early in an effort by the promoters to clean up the preliminaries to permit an early start of the championship bout.

An airplane circled over the stands taking pictures as the gong sounded.

The championship bout, under the boxing laws of New Jersey, will be a 12 round undecision contest. No official decision will be rendered in such a contest if both boxers are on their feet.

**GALLERY GUARDS CAMP FOR NIGHT NEAR BOWL**

(By the Associated Press)

RINGSIDE, JERSEY CITY, July 2.—The yellow pine saucer, which when the sun came out, glistened like a giant bowl of brass, was filled with humanity, but, unlike the ordinary saucer it filled from the brim down instead of from the bottom up, for the first to arrive were the gallery guard with the periscope eye who camped all night outside the arena for the privilege of paying Promoter Tex Rickard \$5.30.

Gradually the wave of humanity rolled down to the ringside as the more plutocratic ticket holders reached the stadium.

Just before the gates were opened several hundred policemen made a thorough search of the arena to run out all squatters. Scores of boys who had secreted themselves during the night in an effort to see the fight without paying, were pulled out of all sorts of hiding places and sent scampering through the gate.

**Arena Is Sprinkled.**  
A stream of water was turned on the inside of the arena to wet it down and eliminate the possibility of fire. Several hundred police in uniform and plain clothes mingled with the spectators on watch for undesirable characters, who generally make such a crowd their hunting ground. All persons arrested with criminal records in Jersey City will be requested to be held for 30 days under a state law that makes the detention possible. This is expected to act as a deterrent to the criminally inclined.

Unlike the ordinary show, today's performance, the "battle of the century" had no exclusive baldheaded row. Hairless heads are in many places replaced by coltsures par excellence, for women who have recently espoused boxing turned out in full force for today's carnival of blows.

**CHALLENGER WENT OUT WITH SPIRITS HIGH**

(By the Associated Press)

MANHASSET, July 2.—"I had a good sleep and feel fine."

This was Georges Carpentier's smiling comment as he came out of the house at 7:45 this morning. He arose at 6:30, indulged in 15 minutes of setting up exercises "to open his eyes," as Trainer Wilson expressed it, and then ate a light breakfast at 7:00. He lounged around the house until 7:45, when he attired himself in an old flannel shirt, old gray trousers, cap, checked red socks and worn shoes and emerged for a light exercise along the road.

He was surprised to find newspaper men waiting at the gate and with a bright smile on his face remarked:

"You're up early. Have you been up all night?"  
Accompanied by his trainer, Gus Wilson, his friend Pierre Malotte, and his Belgian police dog, Felipe,

Carpentier started for a short hike along the road near his camp.

**Like Going To Picnic.**  
He seemed to possess the natural abandon of a school boy on a picnic. He had gone but a few steps when he pulled up his trousers and executed a jig for the edification of his companions and the two newspaper men who had trailed him. "Doesn't seem worried, does he?" remarked Wilson.

Carpentier kept up a constant stream of banter and light conversation with his friends, making no reference, however, to the fight.

Carpentier left Port Washington, Long Island, for Jersey City on the yacht Lone Star at 9:45 a. m.

**DEMPSEY TH IDOL OF EARLY MORNING THROG**

JERSEY CITY, July 2.—"I never felt better in my life," remarked Jack Dempsey as he sat down to a light breakfast this morning in a private home here, where he spent the night.

The champion slept without interruption from ten last night until seven this morning and awoke in a happy frame of mind. Teddy Hayes, his trainer, was sleeping in an adjoining room. While he was still sleeping the champion amused himself by tickling the trainer's nose until he opened his eyes and then pulled Hayes out of bed.

Dempsey's breakfast consisted of two boiled eggs with toast and a pot of tea.

**Worshippers In Wait.**  
Accompanied by Hayes he started for a walk but such a large crowd followed at his heels that he was forced to return to the house. Hero-worshippers had spent most of the night in the vicinity in hopes of getting a glimpse of the champion and shouted words of encouragement to him when he made his appearance.

Although his whereabouts were supposed to be a secret, the news leaked out before he had been in town more than a few hours and fight fans were on constant patrol of the street in which he was housed. A large percentage of the spectators were women.

After his return from his brief walk, he amused himself by playing jazz records on a talking machine. He appeared the most lighthearted member of his entourage and did not show any trace of the anxiety that he would naturally be expected to feel before engaging in what was expected to be the supreme ring test of his life.
